WELCOME BURKI MERCHANDISER (PVT) LTD

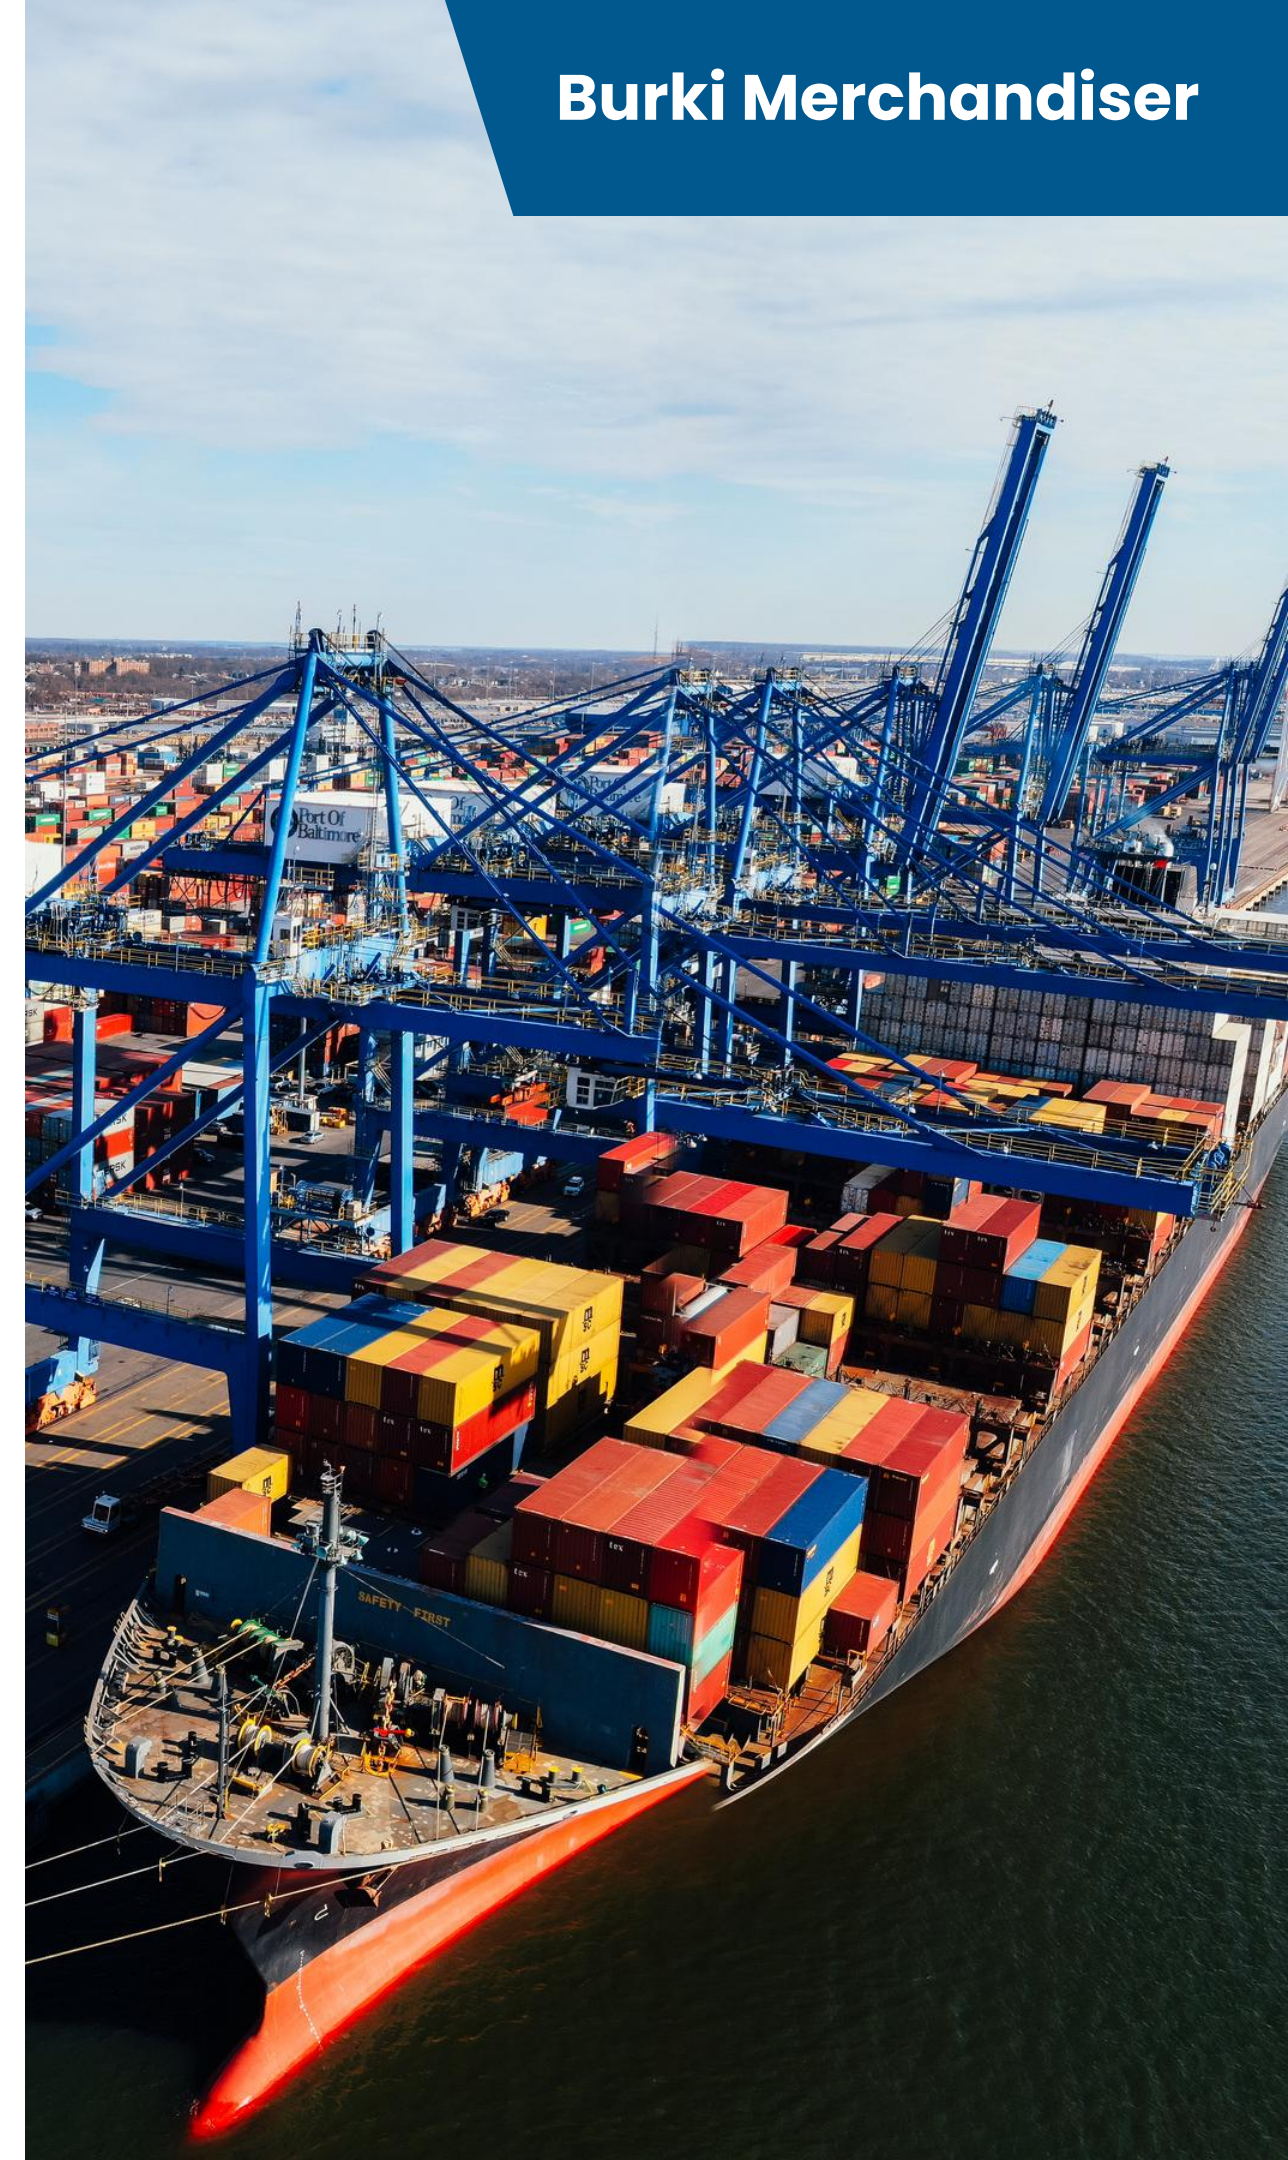

Burki Merchandiser (Pvt) Limited, a flagship project of the Burki Group of Companies, is a premier ISO 9001:2015 certified global trading house. Since our inception on May 30, 2010, we have evolved from a local service provider into an international powerhouse specializing in Barter Trade and Disaster Relief Logistics. Headquartered in Islamabad, we operate a sophisticated network across Pakistan and maintain a global footprint, serving as a vital link between the resources of South Asia and the markets of Russia, Iran, Afghanistan, and beyond.

OUR VISION

To become the global benchmark for ethical and efficient trade, revitalizing the historic Silk Road spirit through modern barter systems and sustainable supply chain solutions.

OUR MISSION

Our mission is to deliver high-quality Pakistani products to every corner of the world while remaining the primary first responder for global relief agencies during times of crisis. Simultaneously, we strive to simplify international trade by implementing specialized barter mechanisms with our regional neighbors.

Burki Merchandiser

CEO'S MESSAGE

"At Burki Merchandiser, we believe that trade is more than just an exchange of goods; it is a catalyst for peace and regional stability. Our commitment to ISO-certified quality and our specialized focus on barter trade with Afghanistan, Iran, and Russia allow us to navigate complex global markets with agility. We don't just supply products; we provide solutions that save lives in disaster zones and build economies in emerging markets. We invite you to partner with us on this journey of growth and integrity."

BULK & BARTER TRADE OPERATIONS

Burki Merchandiser (Pvt) Limited is a pioneer in modern Barter Trade, offering a unique solution to cross-border commerce challenges in the region.

Burki Merchandiser

Regional Connectivity (Afghanistan, Iran, Russia):

Our specialized logistics team is expert in navigating the specific regulatory and geographical landscapes of the “North-West Trade Corridor.” This allows us to offer seamless “door-to-door” service even in complex geopolitical environments.

Government-to-Government (G2G) Facilitation:

We act as a trusted intermediary for state-level trade agreements, ensuring that sovereign trade requirements between Pakistan and nations like Russia, Iran, and Afghanistan are met with professional precision.

Business-to-Business (B2B) Barter Exchanges:

We provide a sophisticated platform for private enterprises to engage in trade without the constraints of traditional currency volatility. By facilitating the direct exchange of Pakistani textiles and agro-commodities for international energy and industrial inputs, we provide a hedge against inflation and currency devaluation.
